

## Oxford Houses of TN Re-entry Initiative

### **What is an Oxford House?**

An Oxford House is an affordable, alcohol and drug-free living environment for individuals in recovery from alcoholism and/or drug addiction. All Oxford Houses have common characteristics.

- Each house is democratically self-run by the members
- Each house is financially self-supporting, responsible for all household expenses
- Each house must expel any member who returns to using drugs or alcohol

### **Are there any requirements to live in an Oxford House?**

- 1) No drinking or using      2) Pay your EES [Equal Expense Shared]      3) No disruptive behavior

Past experience with the first Oxford House proved that expelling the member that returned to alcohol or drugs no matter how briefly protects the house for the other members. If a member relapses on drugs and/or alcohol he/she will be asked to leave immediately. The individual can make arrangements with the house to get his/her personal belongings within a reasonable time frame. The house may choose to notify the Community Corrections Officer that the individual no longer lives at the house and state the reason why.

You will be required to pay the house a \$100-150 Non-refundable fee before move-in. EES varies with each house but the average is about \$150.00 per week with a non-refundable \$100-150 move-in fee. Each house will be different, the \$250.00 is a statewide general payment and will be applied according to that particular house's guidelines. If and when you are accepted into a house, you will be notified how much that house's EES and move-in costs are. EES covers all utilities, Wi-Fi and house phone. (Again, each house varies but most houses include cleaning products, laundry soap, paper towels, toilet paper, coffee and so on)

Disruptive behavior can encompass many things but the bottom line is if an individual's behavior is a disruption to the normal flow of house operations, then that will be considered disruptive. Violence and threat of violence will be dealt with by the house and treated as a relapse and the person involved will be asked to leave, in most cases immediately.

### **Things to do while you are incarcerated:**

Oxford Houses' main goal is to provide self-sufficient affordable housing for individuals recovering from alcohol and/or drug addiction. Oxford House is not a treatment facility. Therefore, Oxford House recognizes most forms of abuse treatment, and the 12 step programs of Alcoholics Anonymous, Narcotics Anonymous and other 12 step groups. There are ways for you, the incarcerated, to start work on these things now. We receive too many applications to process and accept all who apply; it is those individuals who are currently working on their recovery from addictions that will receive the higher priority to get into an Oxford House.

### **More hoops to jump:**

There are special requirements to be an Oxford house member when using this incarceration process. Due to past experiences we ask that you try to pay your EES before move-in. This accomplishes two things. One, your placement in an Oxford House is guaranteed and two, it protects the house financially. If you do not show up on the day and time designated, if you move on from Oxford House within the first month, relapse or pose any threat to the house, you will forfeit any and all money paid to the house for that first month.

You will be on a restrictive probationary period. (Usually 30 days - Depending upon the house). This would include going to a predetermined number of 12 step meetings, getting a sponsor and possibly a lowered curfew time. This probation will differ from house to house but expect to be on a limited probation period until the house gets comfortable with you and you get comfortable with the house. After the initial month, you will have all privileges granted the other house members.

### **What happens if I can't get the move in costs?**

There are cases in which an inmate simply cannot come up with the money before he moves in. Then most houses work with the individual and give him an adequate time to find employment and start getting a pay check. There are many resources out there and we have found that if an individual really wants to get into and/or stay in an Oxford House, he/she will use whatever resource to come up with funds. If you do not have any family or friends to ask,

## Oxford Houses of TN Re-entry Initiative

we suggest you try churches or other non-profit organizations. We have seen many inmates get funding through these types of resources.

Revised 04/2024

### **What if I don't get accepted using the incarceration project:**

If for whatever reason you don't make it through this process, it is easier to get into a house when you are released. Some houses will allow you to move in before you have the full amount of the move in costs. If you find you are unable to get funding for Oxford House while in prison, Be sure to contact us once you are released because you will find it is simpler to get accepted into one of the houses and your chances of staying clean and sober are much greater with the peer support of an Oxford House.

## Application for Membership in Oxford House

To be accepted in an Oxford House an applicant must complete both sides of this application and be interviewed by the residents of the particular Oxford House to which the applicant is applying. The residents of the house then vote on acceptance. An 80% affirmative vote is needed to be accepted. Carefully read the application and honestly answer the questions. Living in an Oxford House is special and if you understand its value it can help you achieve comfortable sobriety without relapse.

<b>1. Print Name (Last, First, Middle)</b>			<b>3. Date of Birth</b>
